

# Usama Rabie Kassem *Software Engineer front end (React js & Next.js)*

✉ usamarabie21@gmail.com ☎ 01099763724 📍 Cairo - Egypt 📁 Portfolio in Usama Rabie 🌐 UsamaRabie

📊 Usama\_Rabie 🏠 Usama\_Rabie 📅 15/12/2000

## 📌 Objective

I have experience in front-end development using React JS or Next.js. I have made several projects, including a food order app with Next.js and Redux toolkit, and an e-commerce app with React JS.

## 📁 Professional Experience

**Software Engineer at instaTech** 🌐 09/2023 – present

- Developed responsive and interactive web applications that met client requirements and adhered to industry standards.
- Worked closely with back-end developers to integrate APIs and data sources into front-end applications.

**Internship as a Front-end developer at elmawkaa** 🌐 10/2022 – 01/2023

- The internship provided me with hands-on experience in designing, developing, and implementing web applications using various front-end technologies and the React framework.

## 📁 Projects

**food order app** 🌐 09/2023 – 09/2023

*Food order app that allows users to place orders for food. It includes a cart page that allows users to add and remove items from their cart, as well as calculating the price of each item and the total price of their cart.*

**E-commerce website** 🌐 08/2023 – 08/2023

*The e-commerce website displays a variety of products, allowing users to filter them by category. It also includes a feature that allows users to view multiple photos of a single product. Additionally, the website has a light mode and a dark mode for users to choose from.*

**instaTech** 🌐

*Website for instaTech team that shows their skills and their projects*

**for more projects check my Portfolio** 🌐

## 🎓 Education

**Faculty of engineering Minya university, computer systems section (75%) very good** 09/2019 – 07/2024

## 🧩 Activities

- 1) **Instructor in ICPC Minya** 2022 – 2023  
Train students to solve problems quickly and efficiently
- 2) **Vice HR in ICPC Minya** 2022 – 2023  
Do interviews with mentors to determine if they will join our team or not depending on their Capabilities
- 3) **HR member, IEEE Minya student branch** 2021 - 2022  
Do interviews with students who want to join the IEEE team
- 4) **Mentor in ICPC Minya** 2020 – 2022  
Train students and mentor them in problem-solving
- 5) **ECPC Contest 2022** => Participant in the contest.

## 🧠 Skills

### Technical skills

C /C++	OOP	Data structure & algorithms	Problem-solving
HTML5	CSS3	Bootstrap5	SQL
JS	ES6	React	Material UI
Redux toolkit	TtpeScript	Tailwind	Next.js
Agile methodologies			

### Personal skills

Communication skills   Leadership   planning   time management   Presentation skills   Problem-solving

## 📄 Certificates

- ECPC contest
- ICPC Minya newcomers training
- ITI red hat training
- SQL Masterclass for Data Analysis (Udemy)
- linux command line (Udemy)
- Egypt career summit 2022
